Kwa Madwala Reserve

Kwa Madwala, meaning ‘place of rock’, is an independent wildlife conservancy covering 4 000 hectares of the Lowveld just south of the mighty Kruger National Park. It is relatively new, started 10 years ago, and has a well-managed eco-system supporting lion, elephant, rhino, leopard and a wide variety of other general game as well as a diverse birdlife. The focus is not only on the big game here, but also the small and the rare. Due to the small size of the reserve, guests can expect to get close to most species on a game drive. Kwa Madwala has also initiated a Leopard Conservation Project to provide a safe haven for leopards in the area, and gradually increase their numbers.

Today we start with a morning game walk before proceeding into the Kruger National Park. We enjoy an afternoon game drive from the comfort of our Nomad Truck. On the way keep your eyes open for more wildlife. Kruger National Park

Established in 1898 to protect the wildlife of the South African Lowveld, this national park of nearly 2 million hectares is unrivalled in the diversity of its wildlife and a world leader in advanced environmental management techniques and policies. Approximately 145 mammal species including the 'Big Five', a list of over 500 bird species, some of which are not to be found elsewhere in South Africa, and 336 tree species occur in the park.

When the first tourist cars visited the park in 1927, they made their own camps in thorn-bush enclosures and had to carry weapons to protect themselves from predators. During the Second World War the park was closed to the public, and reopened in 1946 under new management. Today it is one of the most famous safari destinations in the world with all the facilities that one would expect from a world class holiday destination, but it has retained the untamed, unspoilt environment where you can experience Africa just as you imagined it.

Day 3 Kruger National Park

Today we have a full day of game viewing planned in a Kruger National Park open 4x4 vehicle. This gives you some fantastic photo opportunities so keep your eyes open for Elephant, Lion, Leopard, Rhino and Buffalo, known as Africa's 'Big Five' as well as many other species of animals and birds. For those not participating in the activity package, the Nomad truck will also do a full day game drive. *Optional Activities: Night game drives with SANP Game Ranger (Subject to availability)*

Day 4 Panorama Route – Johannesburg

This morning we leave the Kruger National Park on our journey back to Johannesburg. We travel along the spectacular Panorama Route. Blyde River Canyon is the 3rd largest canyon in the world, with breathtaking views of formations such as God's Window and the Three Rondavels. We also see The Bourke's Luck Potholes, which have been gradually eroded by the Treur River. Your tour ends on arrival in Johannesburg and most groups spend this last night together at a local restaurant. *Optional Activities: Morning Game Walk with SANP, Dinner in a local Restaurant.*

Meals:	Breakfast, Lunch
Accommodation:	Own Arrangements / Post tour accommodation can be booked through Nomad
Route:	Kruger National Park Area to Johannesburg. ±600 km
Travel time:	± 9-10hrs
Included highlight:	Panorama Route, including God's Window, Blyde River Canyon & Bourkes Luck Potholes

Panorama Route

The Panorama route in Mpumalanga follows the edge of Blyde River Canyon, and includes some breathtaking views of the Three Rondavels, Bourke's Luck Potholes and the Pinnacle. Blyde River Canyon is the third largest canyon in the world, and got its name in 1840 ('blyde' meaning 'joyful') from the Voortrekkers who passed through on their way to Lorenzo Marques (now Mozambique).

It is one of the most spectacular canyons in Africa and its cliffs rise between 600m-800m from the riverbed. Possibly the best view in the whole of the Blyde River Canyon is of the "Three Rondavels - three huge rock spirals rising out of the far wall of the canyon. Their tops appear to have a hut-like rounded roof. They are named after the Swazi Chief Maripi's wives - from the lowest to the highest, they are Magabolle, Mogoladikwe and Maserote.

Where the Blyde River and the Treur River meet, water erosion has formed one of the most remarkable geological phenomena in the country, known as 'Bourke's Luck Potholes'. Over thousands of years, surreal cylindrical rock sculptures created by whirling water have formed a series of dark pools which contrast artfully with the streaked white and yellow lichen covered rocks. Following the road and the Treur River south, there are further viewpoints; Wonder View, God's Window and the Pinnacle.

Johannesburg

Johannesburg is the largest and most populated city in South Africa, and the second largest city in Africa, after Cairo. Gold was discovered in the mineral-rich Witwatersrand in 1886 by an Australian prospector, George Harrison. This discovery started a major

gold rush as fortune hunters came to the area from all over the world. A huge labour force of contract workers sprang up to work in the mines and within three years Johannesburg became the largest settlement in South Africa.

It is now the economic and financial core of the country, and although mining is no longer practiced within the city bounds, the headquarters of most of the mining companies can be found here.

Johannesburg is also known as the world's largest human-made forest, with over 10 million trees planted throughout the city.

Tour Ends

We will drop you off at Garden Court O.R. Tambo International Airport www.southernsun.com/garden-court/or-tambo-international-airport/pages/overview.aspx. We suggest you book accommodation here for this evening through your travel agent or Nomad. If you choose to stay elsewhere you will need to arrange a transfer. Garden Court O.R. Tambo International is about 10km drive from O.R. Tambo (Johannesburg) International Airport. If you are flying out the following evening we highly recommend the day tour of Johannesburg city and Soweto as an informative and enjoyable way to spend the day.

TIPPING ON TOUR

Southern Africa: In general tipping in restaurants is generally expected and is around 10% for good service, more if you have received exceptional service, and, feel free not to tip at all if you received poor service. Tipping taxi drivers etc is really at your own discretion and not always expected. If in doubt please ask your guides.

Our guides do work hard, but they are also paid at (and often above) industry levels for this work. Our crew can be tipped if you feel that they have done a good job and/or gone above and beyond the call of duty.

The best way to arrange tips is to elect one person in the group to collect the money. We recommend USD1 (or about R5) per day per person, per guide as a fair tip. So if you have 3-crew on a tour, we would recommend that 3 envelopes are used and each crew member's name written on one. Place what you feel is fair into each envelope and the elected person can give these to the crew at the end of the tour. If you do not feel that the crew deserve a tip, please, do not tip them. You must remember that tipping is only for exceptional service and is not at all compulsory or expected.
